

AS PART OF THE 13TH GFMD SUMMIT

THE FUTURE OF HUMAN MOBILITY:
INNOVATIVE PARTNERSHIPS FOR SUSTAINABLE DEVELOPMENT

The Governments of Kenya and the Philippines, as Co-Chairs of the GFMD Roundtable, have the honour to invite you to Save the Date for the virtual event:

ROUNDTABLE 3:
LEVERAGING NEW TECHNOLOGIES TO EMPOWER
MIGRANTS

WEDNESDAY, 20 JANUARY 2021

12:30 - 15:30 CET

Roundtable Session 3 on "Leveraging New Technologies to Empower Migrants" will build its discussion on the [background paper](#), focusing on facts and trends on the policy and practice around technology as a tool to empower migrants, identify gaps, priorities, policy options and practice opportunities. The session aims to assist stakeholders to focus on the practicalities of how to leverage, expand and enhance ever-evolving new technologies, not just to improve outreach and access, but specifically to empower migrants of different gender and age groups from diverse socioeconomic backgrounds and circumstances.

The Roundtable will feature key discussants who will speak first on Empowering migrants through Technology, followed by a discussion on Financial Inclusion and Remittance and New Technology Remittances.

Participants interested in sharing their views are invited to take the floor virtually during the Q&A session. To facilitate an active exchange, we ask that interventions be kept to 3-minutes or less.

To join the discussion, you must register for the Summit Meeting and for the Roundtable 3 session. Please go to GFMD [Website](#) for more information on how to register.

Technology is our present, and our future.

Making sure technology works to empower migrants is in our collective interest.

See you then!
