2 The Migration Situation

2.1 Immigration Movements

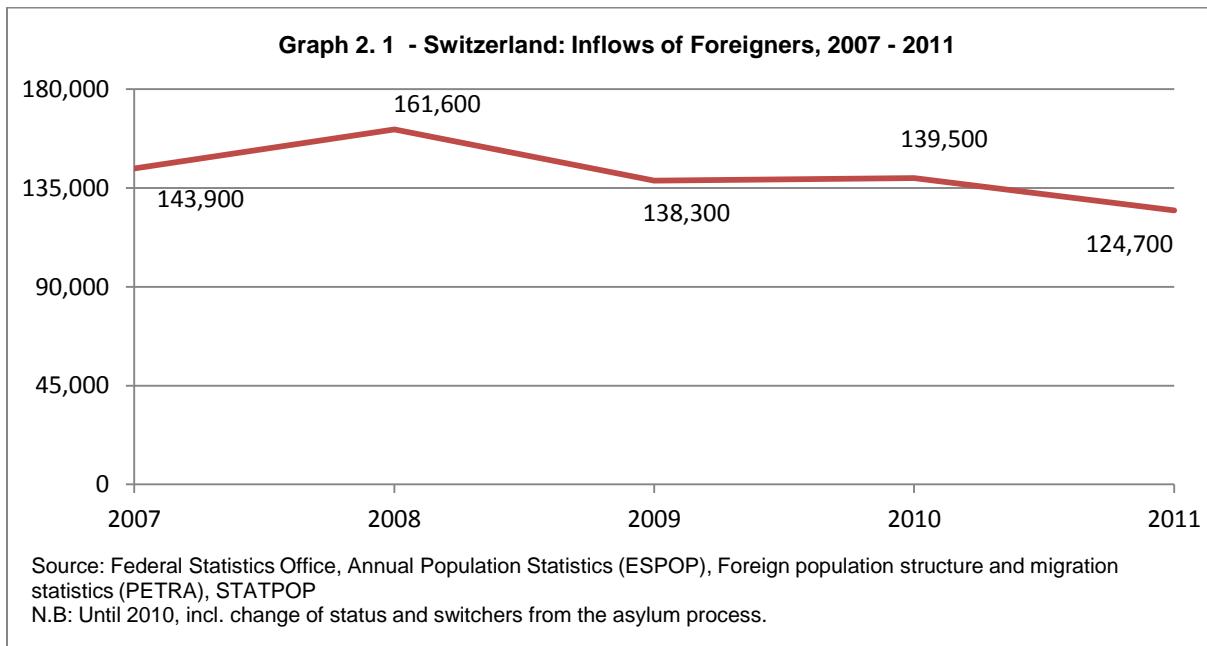

2.1.1 The Extent of Immigration Movements

Stock of Immigrants

In 2011, a total of **1,940,349 persons of foreign origin** resided in Switzerland ([R1 \(EN, FR\)](#)).

Immigration Flows

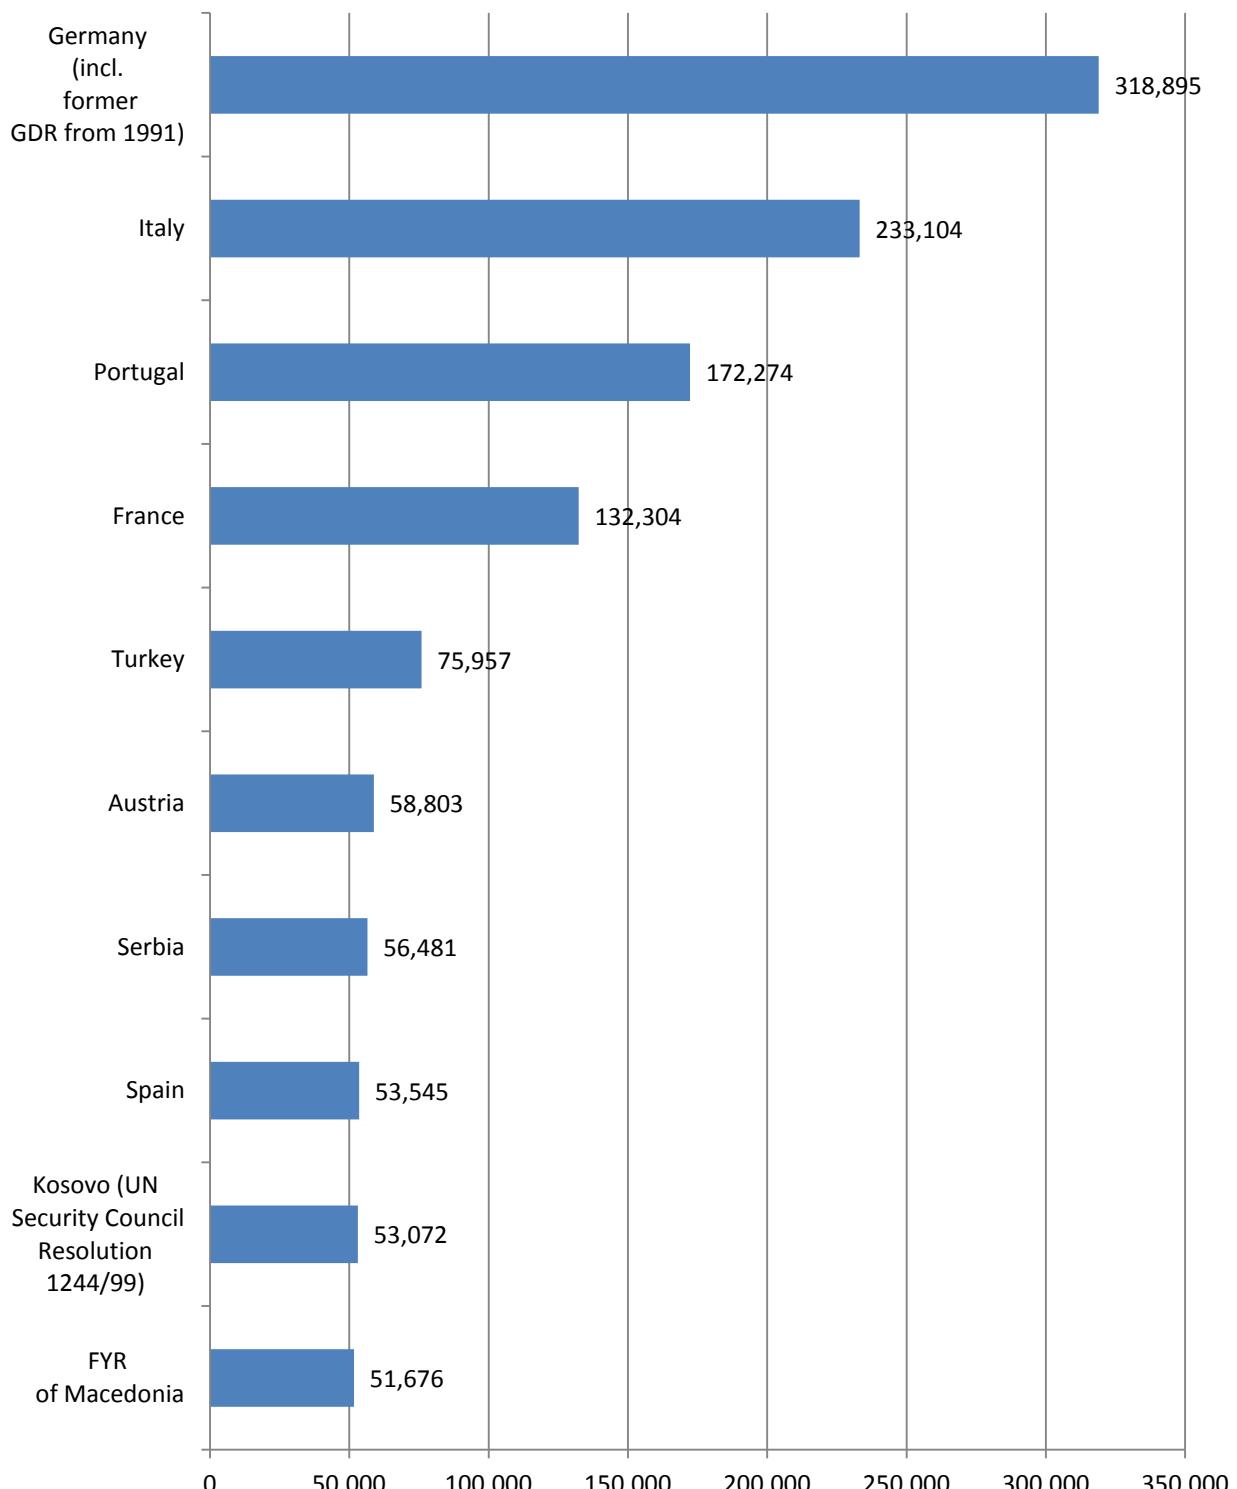

In the past five years, the immigration inflows to Switzerland declined (see graph 2.1) ([R2 \(EN, FR\)](#)).

2.1.2 Main Countries of Origin

In 2011, the most significant foreign country of birth was Germany, followed by Italy and Portugal (graph 2.2a). Among Southern MTM states, the most important foreign country of birth was Morocco, followed by Tunisia and Algeria (graph 2.2b) ([R1 \(EN, FR\)](#)). However, the difference between Northern and Southern countries of origin remain significant.

Source: EUROSTAT

Graph 2.2b - Switzerland: Population by Country of Birth (Born in Southern MTM States), 2011

Further data on migration and integration is accessible through the [Swiss interactive statistical database \(STAT-TAB\) \(FR\)](#).

2.1.3 Characteristics of Immigrants Population

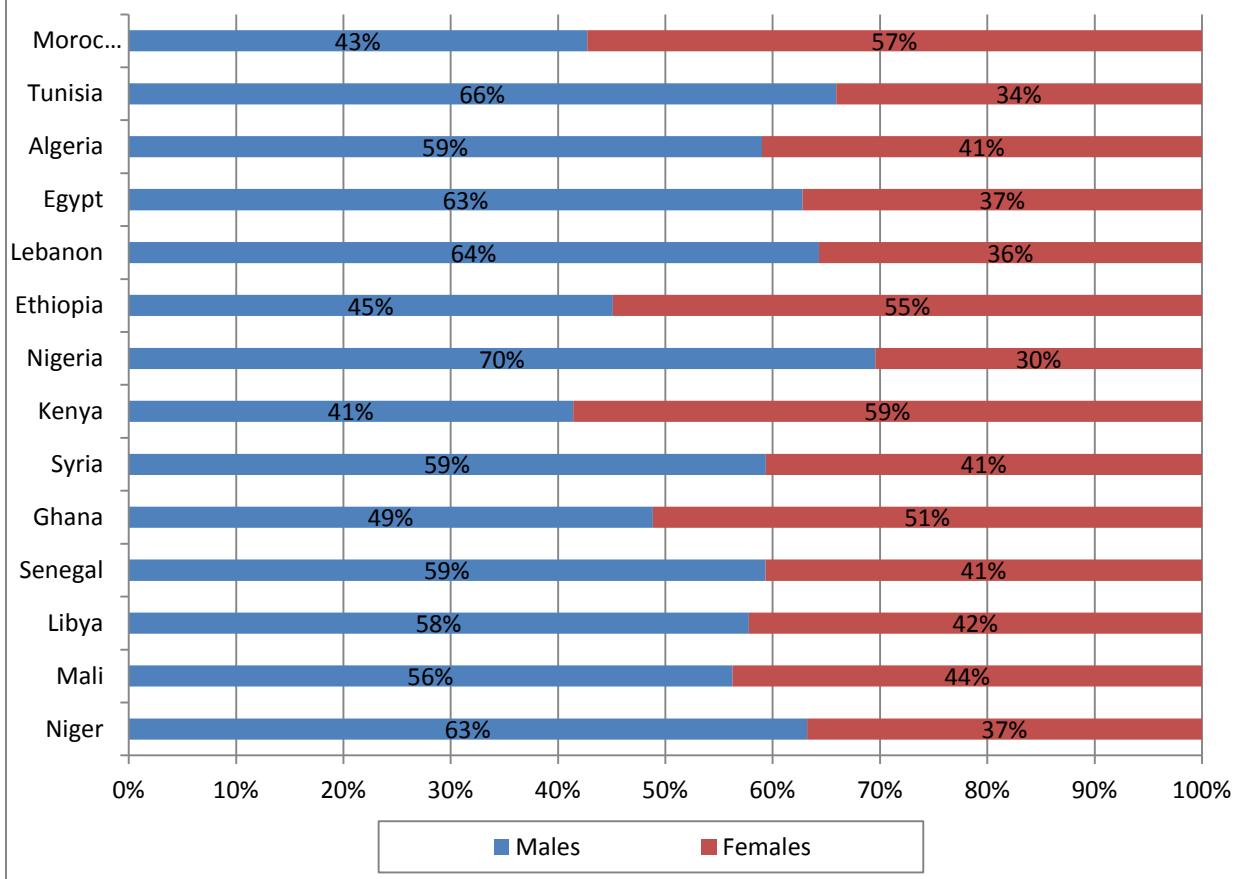

Gender

The gender distribution of the population of foreign origin was almost equal in 2011 and stayed the same throughout the past 10 years (graph 2.3).

The gender distribution among the population born in Southern MTM states varies significantly according to country (graph 2.4). The highest share of males was found among the population born in Nigeria, Tunisia, Lebanon, Egypt and Niger (over 60%) ([R1 \(EN, FR\)](#)).

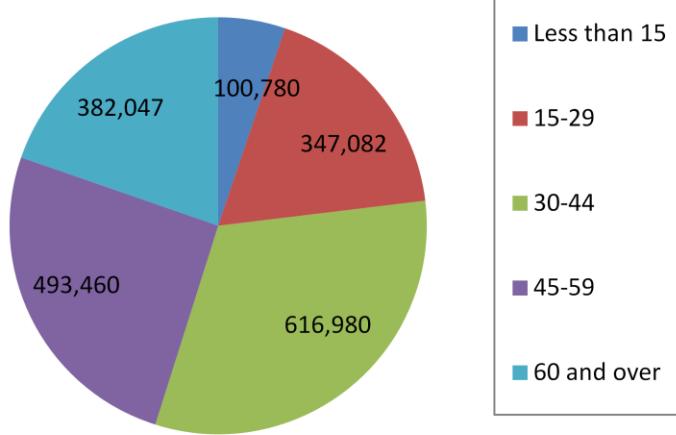

Graph 2.4 - Switzerland: Population by Gender and Country of Birth (Born in Southern MTM States),

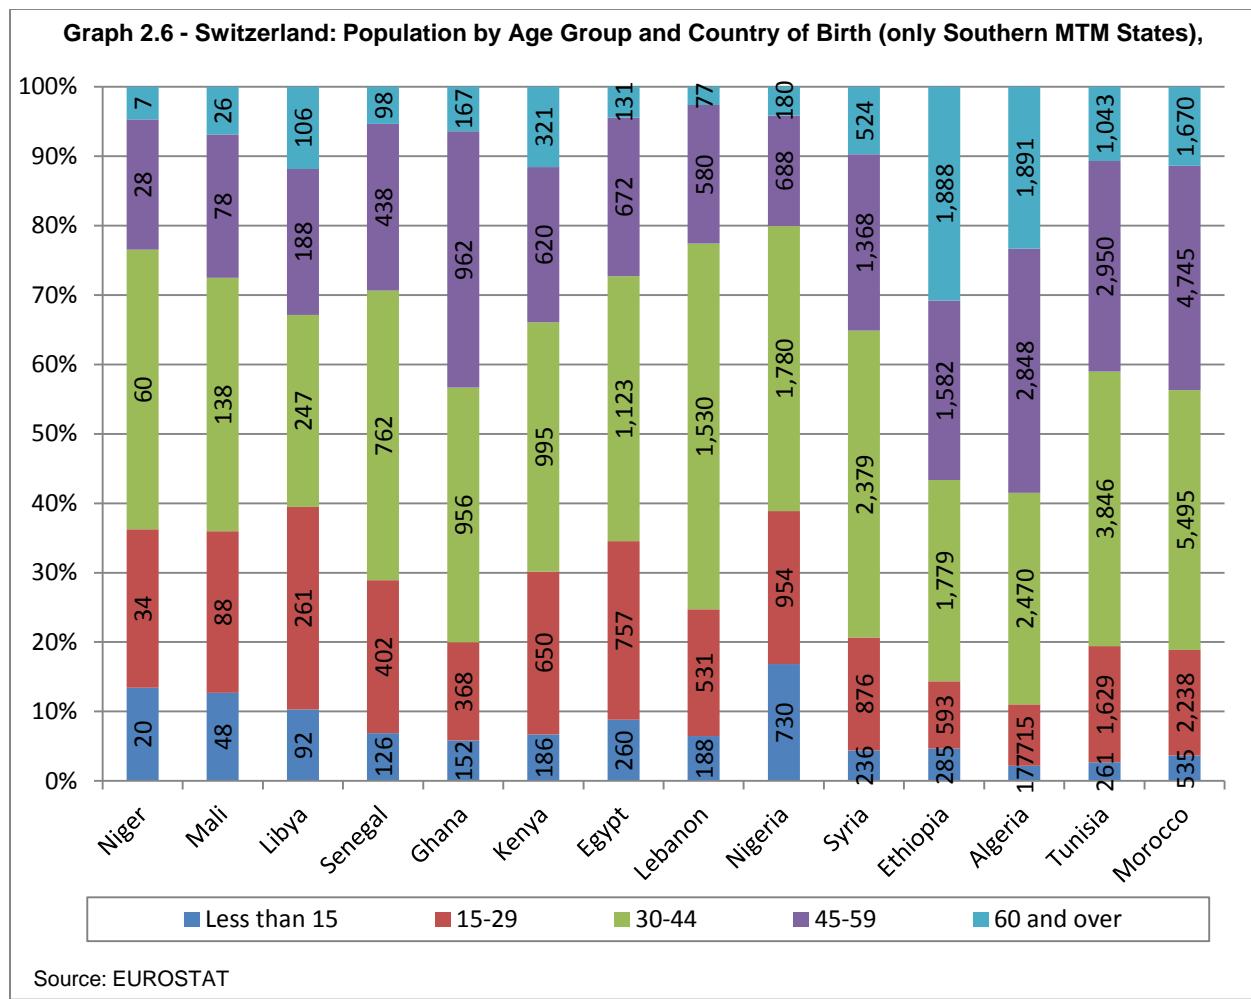

Age

Graphs 2.5 and 2.6 display data on the population in 2011 by age group and foreign country of birth (both in general and specifically on Southern MTM states) (R1 ([EN](#), [FR](#))).

Graph 2.5 - Switzerland: Population by Age Group and Foreign Country of Birth, 2011

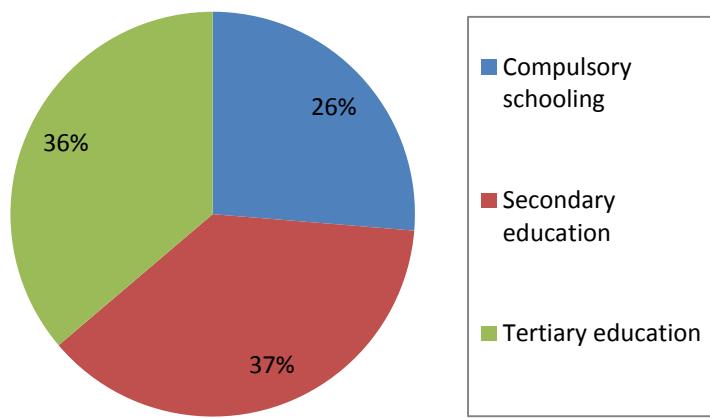

Source: EUROSTAT

Level of Education

The share of the population with foreign nationality with primary, secondary and tertiary education is almost equal in 2011 (graph 2.7) (R3 ([EN](#), [FR](#)) (FR)). No breakdown according to country of origin could be collected at this stage.

Graph 2.7 - Switzerland: Level of Education of Population with Foreign Nationality, 2011 (estimates)

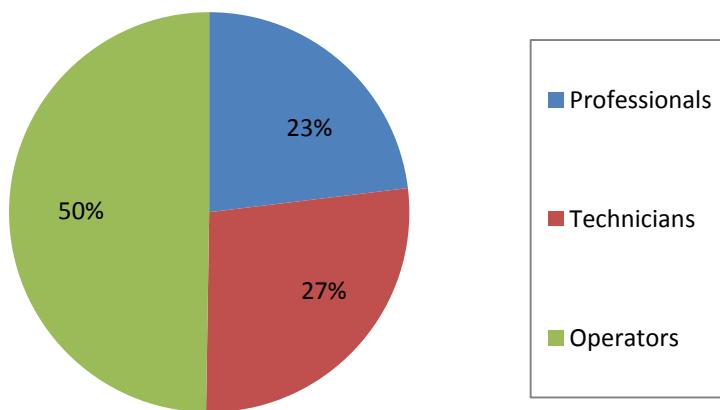

Source: Federal Statistical Office, 2012

Business Area/Sector of Activity/Professional Position

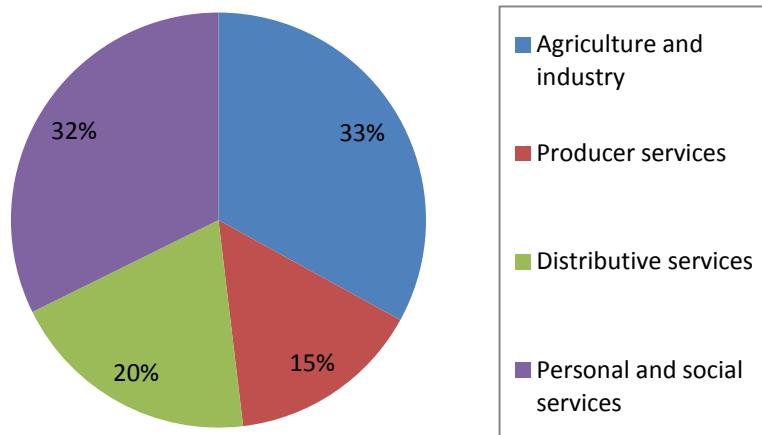

In 2008, the main occupation of the foreign-born population was operators (graph 2.8) and the main sectors of activity were 'agriculture and industry' and 'personal and social services' (graph 2.9) ((R4 (EN)).

Further information on the foreign population in Switzerland, provided by the [Federal Statistical Office \(EN, FR\)](#), can be accessed through the following reports:

- [Migration and Integration Analysis: Integration](#) (FR); and
- [Foreigners in Switzerland](#) (FR).

Statistical data on key indicators with regard to integration (including, inter alia, poverty, criminality, racism and discrimination, culture, religion and media, education, family, language, housing, labour market, politics and health) can be accessed [here](#) (FR).

Further data on the foreign population in Switzerland is available with regard to, inter alia,

- [The development of their wages, health and education](#) ([DE](#), [FR](#));
- [Labour market](#) ([DE](#), [FR](#)); and
- [Acquiring Swiss citizenship](#) ([DE](#), [FR](#)).

The [Swiss Labour Force Survey \(SLFS\) 2011 in Brief](#) (EN) stated that between the 4th quarter of 2010 and the 4th quarter of 2011, the number of Swiss nationals in employment grew (+1.4% to 3.419 million), as did the number of foreign nationals in employment (+5.8% to 1.346 million).

3 Transnational Life of Migrants

3.1 National Legislation and Policy Framework on the Transnational Life of Migrants

Dual citizenship

Dual citizenship is permitted in Switzerland ([R5 \(EN, FR\)](#)).

Voting Rights of Foreigners

Foreigners are not allowed to vote at national level. Some cantons, however, grant foreigners the right to vote at cantonal or communal level ([R6 \(EN\)](#)). Further information on voting rights of foreigners is available [here](#) (EN).

Visa Requirements

Information on visa requirements can be accessed [here \(EN, FR\)](#).

3.2 Involvement of Migrant Organisations in their Countries of Origin

The EC-funded project European-wide African Diaspora Platform for Development (EADPD) ([EN, FR](#)) will produce a **Comprehensive Database on African Migrant Organisations**, which will provide information on the African migrant organisations in EU MS and Switzerland working in the field of migration and development, as well as on their activities and funding sources.

Information on migrants' associations is available, inter alia, in the following publications:

- [Migrants' associations and social networks of migrants](#) (DE);
- [Inventory of migrants' associations in the cantons of Geneva and Vaud](#) (FR); and
- [Turkish diaspora and migrants communities in Switzerland](#) (FR).

3.3 Initiatives Related to the Transnational Life of Migrants

The following examples of initiatives related to transnational life of migrants have been introduced by national and international institutions (table 3.1).

Table 3.1 – Switzerland: Initiatives by National and International Institutions

Related to the Transnational Life of Migrants

| National Actor | Initiative | Cooperation | Aim |
|--|--|---|---|

Furthermore, Switzerland (among other donors) is funding the project [Strengthening African and Middle Eastern Diaspora Policy through South-South Exchange \(AMEDIP\)](#) (EN), implemented by ICMPD. The objective of AMEDIP is ‘to enhance the institutional capacities of national authorities charged with migration and development to better harness the contributions of their diaspora communities’. It covers Algeria, Cape Verde, Egypt, Ethiopia, EU-27, Ghana, Kenya, Lebanon, Libya, Mali, Morocco, Niger, Nigeria, Norway, Senegal, Switzerland, Tunisia and Turkey.

4 Financial Remittances Transfers and Migrants' Investments

4.1 National Legislation on Economic Incentives for Migrants

In Switzerland, parts of migrants' salaries that are sent as remittances for the purpose of maintenance payments for children (of minor age or in vocational education) and for families can be taken into account within the scope of social security deductions of the tax return ([R7 \(EN, FR\)](#)).

Bilateral Agreements on the Avoidance of Double Taxation

Switzerland has concluded bilateral agreements on the avoidance of double taxation with the following Southern MTM states:

- [Algeria, 2006 \(FR\)](#);
- [Ghana, 2008 \(FR\)](#);
- [Morocco, 1993 \(FR\)](#); and
- [Tunisia, 1994 \(FR\)](#);

Further bilateral agreements can be accessed [here \(FR\)](#).

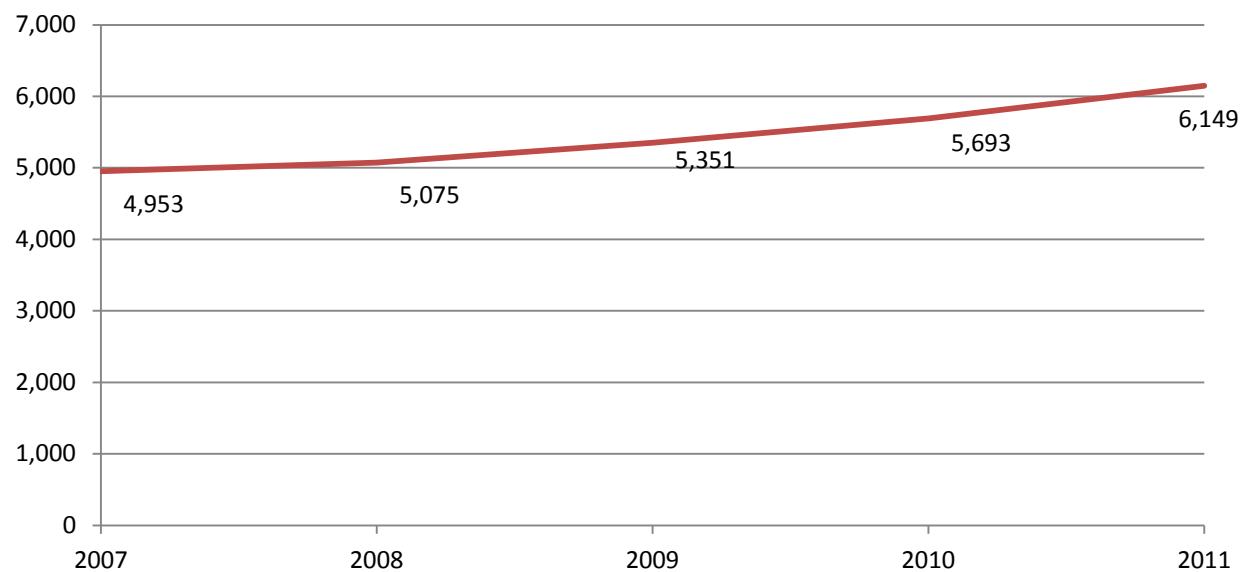

Information on migration partnerships, bilateral labour migration agreements, and bilateral social security agreements with Southern MTM states can be accessed in section 6.2.

4.2 Financial Remittances Data: Outflows and Characteristics

4.2.1 Financial Remittances Outflows

The amount of remittances sent from Switzerland increased by nearly 20% from 2007 to 2011 (graph 4.1) ([R.8 \(EN, FR\)](#)).

Graph 4.1 - Switzerland: Immigrants' Remittances in CHF millions, 2007 - 2011

4.2.2 Main Countries of Destination of Financial Remittances

No data could be collected at this stage.

4.2.3 Characteristics of Financial Remittances Senders

No data could be collected at this stage on gender, age, level of education and business area/sector of activity/professional position of remittances senders.

4.3.1 Mode of Financial Remittances Transfers from Switzerland

No data could be collected at this stage.

4.3.2 Financial Remittances Marketplace

The brochure [International money transfers from Switzerland](#) (EN) provides information (last updated in 2008) on the costs, transfer times, and terms of use of remittances transfers via:

- **Banks** (i.e. Banca dello Stato del Cantone Ticino, Bank op, Banque cantonale de Genève (BCGR), Banque cantonale de Vaud (BCV), Berner Kantonalbank (BEKB/BCBE), Basler Kantonalbank (BKB), Crédit Suisse (CS), Luzerner Kantonalbank (LUKB), Migros Bank, Raiffeisen, UBS, Zürcher Kantonalbank (ZKB));
- **Post** (PostFinance);
- **Money Transfer Operators (MTOs)** (i.e. MoneyGram, Vigo, Western Union); and

4.3.3 Costs of Money Transfers from Switzerland

The money transfer price comparison service [Send Money Home](#) (EN), established by the [UK Government Department for International Development](#) (EN) allows for an overview on the sending costs of different money transfer operators for remittances from Switzerland to the following southern MTM states:

- Egypt;
- Ethiopia;
- Ghana;
- Jordan;
- Kenya;
- Lebanon;
- Libya;
- Morocco;
- Nigeria;
- Senegal; and
- Tunisia.

4.4 Collective Financial Remittances and Donations

No data could be collected at this stage.

4.5 Migrant Capital Investments and Entrepreneurship

4.5.1 Enterprises Started/Jobs Created by Immigrants in Switzerland

Foreigners have a lower propensity to self-employment than persons born in Switzerland: In the second quarter of 2009, Switzerland had 76,000 self-employed foreign workers among a foreign-born workforce of 974,000; in 2000, the self-employment rate of persons of African origin amounted to 9%, hence being below the average of 12.8%.

The lower propensity to self-employment is partly due to structural characteristics of immigrants (e.g. level of education, age of population), as well as to obstacles, such as having temporary residence permits ([R9 \(EN\)](#)).

Jobs created through enterprises started by immigrants in Switzerland were estimated at around 275,000 in 2009 ([R9 \(EN\)](#)).

4.5.2 Investment Volume of Immigrants in Switzerland

No data could be collected at this stage.

4.5.3 Financial Capacities of Immigrants in Switzerland

The [Swiss Wage Structure Survey 2004 \(EN\)](#) provides information on the gross monthly salary of Swiss and foreign nationals, according to economic sectors and years of service (see table on p.74 of the survey).

4.6 Initiatives Related to Financial Remittances Outflows and Migrants' Investments

The following examples of initiatives related to financial remittances and migrants' investments have been introduced by national and international institutions (table 4.1).

**Table 4.1 – Switzerland: Initiatives by National and International Institutions

5 ‘Return’ Migration and Reintegration

5.1 National Programmes Facilitating Voluntary ‘Return’ and Reintegration of Immigrants

Return assistance is aimed at '*facilitating the voluntary return of migrants to their country of origin and their reintegration*' and is implemented by the Federal Office for Migration (FOM) ([EN](#), [FR](#)), under the Federal Department of Justice and Police (FDJP) ([EN](#), [FR](#)). Return assistance is provided to asylum seekers and certain other categories of migrants such as victims of Trafficking in Human Beings. The legal basis for return assistance are the Asylum Act ([EN](#), [FR](#)) and the Asylum Decree 2 on Financial Issues ([R 10](#) (EN)).

Return assistance includes the following instruments ([R 10](#) (EN)):

- Return counselling services in the cantons;
- Individual return assistance;
- Return assistance from reception centres;
- Country-specific return assistance programmes (with Georgia, Guinea, Iraq, and **Nigeria**); and
- Structural aid and prevention of irregular migration.

Further information on the individual instruments can be accessed through the FDJP information sheet Return Assistance Switzerland (2011) (EN).

Priority regions of the return assistance programmes and structural aid projects, including Southern MTM States, are:

- **West Africa**, in the framework of which a country return assistance programme for **Nigeria** and a regional return assistance programme covering **Mali**, Burkina Faso, Guinea, and Sierra Leone were set up. From 2005 to 2008, 102 Nigerians had participated in the return assistance programme, 89 of whom had started their own occupational projects; and
- **The Maghreb**, in the framework of which 63 persons returned to Algeria, 39 to Libya, 1 to Mauritania, 4 to Morocco, and 4 to Tunisia (2005-2008). A total of 66 occupational projects were carried out.

Migrants returning in the framework of the return assistance services have their travel arrangements taken care of and are provided with reintegration services such as start-up aid, medical care, occupational support, housing (i.e. rent, renovation costs), and special measures for vulnerable persons ([R 11](#) (EN)).

For further background information on return please refer to the IOM ([EN](#), [FR](#)) publication Return Migration: Policies and Practices in Europe (2004) (EN).

5.2 ‘Return’ Migration Movements From Switzerland

N.B: This section only deals with ‘return’ migration from Switzerland to the respective countries of origin. Information on ‘return’ migration to Switzerland from abroad can be accessed [here](#) ([EN](#), [FR](#)).

5.2.1 Main Countries of ‘Return’ From Switzerland

No data on the main countries of ‘return’ from Switzerland at a general level could be collected at this stage.

Statistical data on persons ‘returned’ in the framework of return assistance programmes is accessible in the [FOM](#) ([EN](#), [FR](#)) publication [The Work of the Inter-Agency Steering Committee on Return Assistance \(ILR\) \(2009\)](#) (EN) (pp. 16 f.).

The [FOM](#) ([EN](#), [FR](#)) publication [Turkish diaspora and migrants communities in Switzerland \(2010\)](#) (FR) provides information on the Turkish community in Switzerland, including their ‘return’.

5.2.2 Characteristics of ‘Return’ Migrants from Switzerland

No data on the gender, age groups, level of education or business area, sector of activity or professional position could be collected at this stage.

5.3 Initiatives Facilitating Voluntary ‘Return’ and Reintegration of Immigrants

The following examples of initiatives related to ‘return’ migration and reintegration have been introduced by national and international institutions (table 5.1).

Table 5.1 – Switzerland: Initiatives by National and International Institutions Related to ‘Return’ Migration and Reintegration

Furthermore, the [Swiss Agency for Development and Cooperation \(SDC\)](#) ([EN](#), [FR](#)) as well as the [European University Institute](#) ([EN](#)) financially supported the research project [Cross-Regional Information System on the Reintegration of Migrants in their Countries of Origin \(CRIS\)](#) ([EN](#), [FR](#)). This project includes fieldwork in Armenia, **Mali**, and **Tunisia** and aims at '*addressing the social economic legal and institutional factors and conditions shaping returnees' patterns of reintegration in their countries of origin*'. In the framework of this project, training courses will be held on [Fostering the Social and Professional Reintegration of Return Labour Migrants](#) ([EN](#)).

N.B: This list is not exhaustive.

Furthermore, Switzerland is actively engaged in the [Global Forum on Migration and Development \(GFMD\)](#) (EN) as a member of the steering group (in 2011, it held the chairmanship of the GFMD). Switzerland advocated for the organisation of a UN High-Level Dialogue on International Migration and Development (HLD). It is also involved in regional processes on migration (e.g. the [Rabat Process](#) (EN, FR), the [Budapest Process](#) (EN), and the [International Consultations on Migration, Asylum and Refugees \(IGC\)](#) (EN)).

The [Commitment to Development Index \(CDI\)](#) (EN), established by the [Centre for Global Development](#) (EN), describes the impact of other policies on development. The **developmental impact of Swiss migration policy is rated at a score of 8.6** (a score of 5 being considered average). Further information can be accessed [here](#) (EN).

At European level, the [Commission Staff Working Paper: Migration and Development \(2011\) accompanying the Global Approach to Migration](#) (EN) examines the European Union approach to M&D.

6.2 Relevant Bilateral Agreements and Other Frameworks of Cooperation

Migration Partnerships with Southern MTM States

Switzerland has concluded migration partnerships with the following Southern MTM states (non-exhaustive list):

- Nigeria (2011) ([R 12 \(EN, FR\)](#)); and
- Tunisia (2012) ([R 13 \(FR\)](#)).

Further information on migration partnerships can be accessed [here \(EN, FR\)](#). The concept of migration partnerships is anchored in the Federal Law on Foreigners, which entered into force in January 2008 ([R 14 \(FR\)](#)).

The Swiss Centre of Expertise in Human Rights ([EN](#), [FR](#)) was established in 2010 in order to strengthen the capacities of public authorities on all levels to **protect and promote**, *inter alia*, **human rights**. One of the six focus topics in this area is **migration** ([EN](#), [FR](#)).

The Role of Non-Governmental Organisations (NGOs) with Regard to the Protection of Migrants' Rights

Examples for NGOs active in areas related to the protection of migrants' rights in Switzerland are listed below:
